Star Store Bargain News

OUR Fall and Winter stock of Merchandise bought in anticipation of the season's needs is now complete. Up to the present time we have been somewhat handicapped owing to the late arrival of a few lines, but now everything is in readiness. Every preparation has been made to make this season a banner year in our store. Sentiment is all right in its place, but values and courteous treatment put up a strong argument which should make this store your place for shopping.

Boys' Suits Made To Wear

That's what all mothers are looking for. Boys' Suits made to wear and we have them in all styles and sizes and a large variety of patterns to choose from. Many people go on the assumption that anything is good enough for the boys. Different with us. We have always given our boys' clothing special attention, with the result that we have built up our boys' trade in clothing to such an extent that we are able to carry a stock equal to that of a large store. Mothers bring in your boys. We like to see them wearing a Star Store Suit. They look so well in them.

An Old Timers Smoker will be held in Angus Opera House on Wednesday evening, Nov. 14th. All who were in the country prior to 1885 are eligible to attend. As this will be the inauguration of an Old Timers Association, it is hoped that everyone eligible will be present. A good time is assured. Mr. Thomas, manager for P. Burns & Co. here, left on Monday for Calgary to meet his family, who arrived from Portland, Ore. They will live in one of the new houses on Lorne St.

The new firm of McMurdo & McLaughlin is now busily engaged in getting their stock marked ready for the opening on Saturday. Talbot Bros., photographers have dissolved partnership. The business will be conducted by E. L. Talbot. He leaves in a few days for Calgary, where he purchased the gallery from Mr. Langbelle. McLaughlin is now acting as captain of the Farmer's Brigade, in the Merry Milkmaids. He's all right.

Curling

A meeting of the curling club was held last Friday evening in the Merchants Bank block. A large number were present, and everyone was quite enthusiastic over the prospects of having a flourishing club here this year. The canvassing committee reported that the membership would reach at least 40 this season as a large number of new players had signified their intention of participating in the game. An endeavor was made to select skids, but after considerable discussion the matter was left until the next meeting which will be held on Thursday evening next. Everyone who intends curling this season is urged to attend this meeting.

The Pacific Live Stock Association

Mr. W. J. Walker, the vice-president of the above mentioned company is in Wetaskiwin this week in the interests of his excellent company. This association which has its headquarters in Spokane, Wash., is backed by the stockmen of the States of Washington, Idaho, Oregon and British Columbia, and has decided to extend its operations to the Province of Alberta. This association issues policies on Live Stock against death from any cause also by accidents which necessitate death, and now has over \$5,000,000 of business now in force. The following testimonial referring to the promptness in paying claims and reliability of the association speaks for itself:

Wahki, Alta., 10/15/06.

Pacific Live Stock Association.

Spokane, Wash.

Gentlemen:

On removing from Lind, Wash. to Wahki, Alta. last March I met with a loss of a horse. As I had my horses insured in your company, I notified you and the loss was paid promptly and satisfactorily, and I heartily recommend you to all stock owners.

I am very glad to learn that you are about to operate in the province of Alberta, as such an association is very much needed here and I hope the stockmen and farmers will give you their hearty co-operation and support which an association of this kind so justly deserves.

Yours very truly,

(signed) W. S. Anderson.

Farmers Want Park

A movement is on foot among the farmers and ranchers of the Buffalo lake district, to petition the government to set aside part of section 241-30 as a public park. This includes the high hill known as "The Box" which is noticeable for miles around. The land is heavily timbered, and is too hilly for farming purposes, but would make an admirable park site and summer camping ground. It is very evident that Buffalo Lake will, in the course of a few years, become quite a summer resort for the inhabitants of towns in the immediate neighborhood, as well as for visitors from Alberta cities and others from a greater distance. The beautiful scenery of the shores, together with the soft clear water of this vast lake, and its sandy bottom, make it an ideal pleasure resort and watering place that has only to be seen to be appreciated. Independent.

Lewisville

The Swedish Mission church at Lewisville will hold a sale of fancy work, etc., on Saturday, Nov. 17, commencing at 7 o'clock in the evening. Coffee and cake served free to all. Everybody welcome.

Mr. and Mrs. Chas. Kolb were visitors at Mr. Meyer's last Sunday.

The Mail Order Evil

There is hardly any question that interests the merchants of the country more than the mail order trade, says The Commercial. They are fighting a competition that is highly unfair under the conditions that exist. If all the retailers sold for cash, and cash only, then dealing with the mail order houses could not be considered so severely; but as things are at present, the local country store is recognized as a convenience that is absolutely necessary, owing to the fact that credit business still exists. And even if there were no credit business, customers would find it very awkward to have to get every detail of home necessities from the catalogue houses. If a housewife forgets a certain article, when she discovers its absence after she has to do is to run into the neighboring store and get it. It would not be very handy at meal hour, for instance, to have to send by mail for something that has been overlooked. Yet, those that deal with the mail order houses are indirectly expressing themselves as opposed to the existence of the local retail store.

The aggravating part of the affair is, however, when people will buy from a country merchant on credit and send all their spare cash away to the large departmental store. They have the audacity to expect that the local merchant can sell goods for long terms of credit at the same price that the country store sells them for. They see in the city mail order houses and because he asks a little extra for the convenience, they send their money to what they think to be the cheap store. When they buy from the mail order dealer they know what they are getting, but when they send away for an article they never saw they are taking great chances of running up against a very poor bargain.

PRICE PROTECTION

What's to prevent a retail dealer who sells a not-priced shoe from sizing you up as a well dressed prosperous person and charge you \$6.50, or \$5.50, or \$4.50 for a \$3.50 shoe? Never thought of that, did you?

What do you know about the quality or value of a shoe? Nothing! You can't tell whether a dealer should charge you \$3.50 or \$6.50. Even if you were an expert you couldn't tell, as all shoes look alike when painted and polished. Paint and polish veneer cover up a multitude of shoe sins.

There's but one way you can prevent the dealer from overcharging you. There's but one way for you to know that you're paying the right price. That way is to buy a Slater in an authorized and chartered Slater Shoe Store or Agency.

That store is bound by contract to sell genuine Slater Shoes and to sell them at not one cent higher, nor one cent lower than, \$3.50 and \$4.00, for women and \$4.00 and \$5.00 for men.

Besides, the price is labelled on the lining of each and every Slater Shoe.

Moreover, our advertisements proclaim from the house tops that the price of Slater Shoes is \$3.50 and \$4.00 for women and \$4.00 and \$5.00 for men.

You've absolute Price Protection in the Slater Shoe. Costs a dollar less than the best American makes, and is precisely the same shoe. For men and women.

It Pays to Ship Cattle

The average farmer and rancher sells his stock to local buyers. In most cases he receives a fair price. Recently, however, the feeling has been that the margin between the price paid by the producer and the price charged the consumer is too wide. Farmers, as a rule, do not want to be bothered securing cars and accompanying stock to the Winnipeg market. Some, however, do so and claim it pays. The fact that they continue doing so from year to year is proof that they are not losing money.

Last week, Geo. Bush, of Wetaskiwin, Alta., received Winnipeg stock yards with 20 head. He received 31 cents all round, weighing off the cows, and claims that after deducting all expenses he is several dollars to the good. Besides he had an outing.

"Up in seven years ago," said Mr. Bush, "I lived in Manitoba. While in this province I always accompanied my stock to market and always was satisfied with the price received. Since going to Alberta I have sold to local buyers, but I decided the price was not high enough and concluded that I would again secure cars and go along with my stock. I was unable to get regular cattle cars, but everything went well in box cars, which were furnished. My experience has been that if a man has two car loads or more it will pay him to come to Winnipeg with the cattle."

Mr. Bush is highly pleased with Alberta conditions. He handles about 1,000 head, including stockers, each year. Shorthorns, Aberdeen Angus and Herefords are considered about equal for ranching purposes. He claims that Alberta is specially adapted to mixed farming and has a glorious future.—Telegram.

A peculiar case was tried at Dauphin the other day. A man named Sproat hired a horse from one of the livery at Dauphin to drive to Ceylon; he drove some place else, and the horse on its way broke its leg. The livery man then sued for the sum of \$50 for trespass of contract. Judgment was reserved. It seems to be the law that if a man hires a horse to go to a certain place and anything happens to the horse, the owner is responsible, but if the owner who hired the horse does not go where he agreed to go, then in case anything should happen to the horse or rig, he is responsible. These are the facts of law which we think are not generally well known.—Chatham News.

Council Proceedings

The adjourned meeting of the fathers was held on Saturday evening last. All present except Ald. Raybould and Gross.

A letter was read from W. J. Logie representing the ratepayers on Monk street objecting to the closing of Monk street crossing. The letter was discussed at length, when Ald. Montgomery read the clause from the city charter bearing on the closing of any public highway.

Ald. Montgomery reported on behalf of the majority of the special committee appointed to inquire into the location of weigh scales, and recommended placing the scales near the fire hall.

Ald. Olin reported for the minority of the committee and did not favor the placing of the scales near fire hall. Some of the ratepayers whom he had seen did not think this was a good time to locate the scales, and many suggested near the present railway station building.

Ald. Montgomery was of the opinion that it would be better at first to place it near the fire hall where the present staff could attend to it.

The mayor debated a conversation he had with parties who now have weigh scales, and was assured that financially it would be a good investment for the city.

Ald. Olin then stated that the business men on the east side were bitterly opposed to the placing of the scales near the fire hall, and had threatened to erect a scale of their own if the municipal scale was placed near the fire hall. The business men along both sides of Railway street intended if the scale was placed at the fire hall to make the removal of the scale to some other place an issue at the next election.

Ald. Chandler stated most emphatically that near the fire hall was most decidedly the proper location for the scales at present. The placing of the scale on Railway street would spoil the appearance of an otherwise magnificent street. It was then moved by Montgomery—Chandler, that the municipal weigh scales be placed near the fire hall for the time being.

Ald. Olin moved as an amendment that the scales be placed opposite West's old store, but this was not seconded.

It was then moved in amendment to the amendment by Gould Olin, that the question be laid over until next meeting. Carried on the casting vote of His Worship. Ald. Montgomery handed the clerk two letters to the hospital, which were received by the Medical Health Officer. After reading the letters Ald. Montgomery said he had given the matter much serious thought and then described what he considered would be a good building.

It was then moved by Chandler—Montgomery, that Mr. Knight be asked to prepare rough pencil sketches showing both floors of a proposed hospital, say 36x60 feet, also giving dimensions of each room.—Carried.

On motion of Olin—Gould, an order for two cartons of coal from R. M. Angus was confirmed.

Ald. Chandler gave notice that he would at the next regular meeting introduce a bylaw appointing a returning officer for the next annual election.

It was moved by Montgomery—Chandler, that the clerk write Mr. Pike, city auditor, asking him for his report for 1906 ending June 30th, 1906, so as to draw his attention to the fact that the audit for the quarter ending Sep. 30th, 1906, had not been made.—Carried.

Meeting adjourned.

The regular meeting of the city council was held on Tuesday evening with all present except Ald. Raybould.

The incoming and outgoing correspondence was read.

Accounts to the amount of \$2146.60 were passed for payment on motion of Montgomery—Gross.—Carried.

Ald. Chandler introduced a bylaw appointing J. W. Hey, returning officer for the coming election, which was read, and seconded, and then passed as usual by aye.

The question of the location of the city scales was again brought up. Ald. Olin pointed out that in weighing coal the location at

the city hall would be out of the way. His worship thought if the scales were not located at the city hall it should be located at Railway street east, as the farmers would desire to have their grain weighed. The location on corner of Pearce and Railway street west is not desirable owing to appearance.

Ald. Gould favored the location at the city hall temporarily.

Ald. Montgomery thought the city hall was the proper place for the location at present until the crossing questions be settled.

Ald. Chandler thought the city hall the best place, as the city officials could act as weighmaster at no extra expense.

It was moved by Montgomery—Gould, that the municipal weigh scales be located temporarily at the city hall. Yeas—Ald. Gross, Montgomery, Gould Chandler and His Worship. Nays—Ald. Olin.

Mayor Swoboda announced that the Board of Trade had formulated a platform and wished to meet the aldermen to discuss affairs. On motion of Gould—Olin it was agreed that the council meet Board of Trade executive on Friday evening.

His Worship introduced the question whether all taxes should be paid before ratepayer casts his vote or not. Several aldermen thought a great injustice was being done in compelling all taxes paid on or before polling day, believing that all arrears of taxes should be sufficient to entitle a ratepayer to vote. The bylaw was then discussed at length when the interpretation of the clause was referred to the city solicitor.

Ald. Montgomery presented plans for the new hospital for consideration. His Worship emphasized the importance of having the edifice large enough. It would otherwise be money thrown away. The plan was 60x34 feet and had capacity for seventeen patients or more, if absolutely required. It is the intention of the aldermen to have the question submitted to the annual meeting of the ratepayers for their consideration. Meeting adjourned.
